

Sunday Success

What are we celebrating this week?

Some of our star partners!

Congratulations to Venkata Duddekunta! Over the past month he's produced the 'Hydrogen changing' data model in a very short period and with minimum support. His skill and personal commitment to establishing this piece of work will set the right foundation of Data Management for Hydrogen going forward.

"He really has been fantastic. He's a treasure"

And a big round of applause for the SharePoint testers!

We wouldn't have been able to achieve the SharePoint success without our testers, Scott Carmichael, Luke Camfield, Sarla Senghani and extra kudos to lyisha Dowey for the build of our Partner and Associate pages.

Great teamwork!

Welcome to Balaji!

Big welcome to Balaji Santhanum who joins us as a BI Developer. Balaji has over 16 years of experience in the IT world, with 15 years in the Complete Data Warehousing Cycle. As a BI worldwide consultant, he has experience across the UK, USA, UAE and India in business intelligence, business insight and analytics, data warehousing and dimensional modelling.

We're excited to be working with you Balaji!

2 anniversaries to celebrate!

Sheree Stray and Sunil Shah are both celebrating their 1st anniversary at Project Partners!

Sheree joined as our Executive Assistant last year, and has not only helped Mark directly with a number of his tasks, but has provided key business support!

Sunil has spent the past year heading up our Delivery Assurance offering, taking it from strength to strength, whilst making sure that the service we provide continues to improve.

Thanks to both Sheree and Sunil for their hard work! Bring on year 2!

Want to give kudos to somebody for their great work? Let us know and we might mention them in next weeks' email!
