

Sunday Success

What are we celebrating this week?

Big welcome to Mark!

This week we're saying hello to Mark Jones who has joined the team at FitFlop as an L&D Consultant. He has over 20 years of experience, developing courses and digital content for a diverse multi-disciplinary audience. He also has proven experience of project management to deliver complex learning initiatives globally.

Welcome to the team Mark, I'm sure we'll be learning lots from you!

Happy Anniversary!

Another anniversary this week. On the 2nd November, Andy Duffy celebrated his 1st anniversary as a permanent member of the Project Partners team! Andy is our Technical Practice Lead, with the scars from working in the banking and retail sectors for longer than he likes to remember.

Thanks for sticking around!

Bring on lots more celebrations and success with Project Partners!

And a shout out for Maxine!

We got a lovely message from one of our Partners this week for a shout out for Maxine Gregory:

"Max is so busy but she's never too busy to offer help, support, knowledge, and kindness. She looks out for all our staff and even if she won't work closely with an employee, she makes every effort to build a relationship and ensure they are comfortable and settled at work. Max works tirelessly to problem solve and is always my go-to when I have questions and she always jumps to help. I think she deserves a bit of credit for how comfortable some of our new starters feel, from the support and helping hand she offers them. Personally, Max really did go above and beyond this year to ensure I was ok and had all the support I needed, even texting to check in on me when I had a bit of a tough personal situation. I think she's a star, so just wanted to acknowledge that."

Thanks Max for all your hard work and constant support.

Want to give kudos to somebody for their great work? Let us know and we might mention them in next weeks' email!
